

# Services on the train.

## Onboard catering

On certain trains guests enjoy SBB restaurants offering a choice of select dishes. Swiss Classics as well as varying seasonal meals are on offer at a flat rate. SBB restaurants are indicated on timetables by the symbol ✂. There is an SBB bistro on the lower deck of most InterCity double-deck trains. Guests enjoy speciality coffees, delightful pastries, cold and hot snacks as well as refreshing drinks – either directly in the bistro coach or to go at their seat. SBB restaurants and SBB bistros are open from 06.30h to 21.00h.

Remain seated and relax in comfort and convenience: Passengers in 1st class are served at their seat on a number of train connections. This service is offered daily from 07.00h to 18.30h on InterCity and EuroCity trains with an SBB Restaurant on the following routes:

- Zürich–Brig/Brig–Zürich
- Zürich–Fribourg/Fribourg–Zürich
- Switzerland–Italy/Italy–Switzerland
- Switzerland–Munich/Munich–Switzerland

## Quiet zone

For passengers who prefer to remain undisturbed during their journey, the quiet compartment of 1st class is the right place to go. Here travellers can read, work or simply relax and enjoy the scenery of the journey without interruptions by unwelcome noise. Quiet zones are indicated “RZ” on timetables.

## Business zone

InterCity trains offer workspaces complete with power supply, optimised data transfer, amplifiers for mobile phone reception and large work surfaces in 1st class. Trains with business zone are indicated “BZ” on timetables.

## Family coach “Ticki Park” – a playground on wheels

All InterCity double-deck trains are equipped with a jungle style family coach marked “FA”. Mid-upper deck, these offer a playground with fanciful jungle motives for children to play and frolic around as much as they please. Additionally, exciting board games such as “Jungle Hunt” and “Snake Game” have been installed on the upperdecks of family coaches. The playing pieces for those board games can be obtained from SBB restaurant/bistro.
