Gornergrat Railway with Matterhorn near Zermatt, Valais

## Mountain highlights.

### Lake Riffelsee hiking trip.

After a short ten minutes' walk from the station Rotenboden, visitors can already admire the world-famous Matterhorn reflection on Lake Riffelsee. In less than an hour from the starting point, guests arrive at the Riffelberg after a nice hike along well-maintained paths – always with a great view of the Matterhorn. With a bit of luck, they may even come across some marmots.

### Meet the Sheep.

During the summer months, roughly 150 black-nosed sheep graze on the Alpine pastures between Rotenboden and Riffelberg. They are accompanied by a shepherdess. The sheep can now be located by smartphone and visited. Those who do not wish to find the sheep on their own can book a guided hiking tour with subsequent aperitif.

### Gourmet ticket.

The Gornergrat gourmet ticket combines a hiking excursion into nature with culinary highlights. An Apéro Riche is served at the 3100 Kulmhotel Gornergrat, then a 3-course gourmet menu at Riffelberg and finally a dessert with special coffee on Riffelalp. The various mountain restaurants are accessible by railway, on foot or on skis in winter.

### Highest toboggan run in Switzerland.

With a length of 1.6 kilometres (1 mile), the roughly 10-minute ride from Rotenboden (2,815 m/9,236 ft a.s.l.) to Riffelberg (2,582 m/8,471 ft a.s.l.) is pure fun for young and old alike. Rental toboggans (optionally equipped with children's seats) and special toboggan day passes are available.

### “Zoom the Matterhorn”.

In the multimedia adventure world, visitors draw closer to the Matterhorn in three zoom stages: with virtual paragliding flights around the Matterhorn, with light projections of all four seasons, and by closely looking at the real Matterhorn with periscopes.
