Luzern-Interlaken Express at Lake Lungern, Central Switzerland

Route highlights.

Five lakes in just under two hours.

Few other routes pass these many lakes: Shortly after leaving Lucerne, Lake Lucerne and Lake Alpnach come into view on the left-hand side, followed by Lake Sarnen and the idyllic Lake Lungern. For the last half hour of the train ride, the route leads along Lake Brienz, shimmering in beautiful turquoise. The journey ends in Interlaken, situated between Lakes Brienz and Thun.

Brünig safari: great travel fun with animal company.

During the summer months, 13 life-size animals made of wood wait to be discovered between Meiringen and Giswil. Who will be able to spot the hand-carved likenesses of native wild animals first? All have been placed in their natural habitats in such a way that alert safari travellers can detect them right from the train. The keenest among the nature observers may even be lucky enough to spot real animals such as squirrels or even a family of chamois.

Bistro: the rolling à-la-carte restaurant.

Whether breakfast offers, regularly changing lunch menus or themed culinary specialities: whatever the hungry traveller's heart's desire, the dining car teams provide it. Guests that are not seated in the Bistro can use the "BistroOrder" app to order drinks and small snacks directly to the seat.
